**Attendees:**

Marc said it was never a discontinued road and the Town cannot do anything to maintain it, however it does need to be kept open because the Town and others have property on the road. They asked what they could do to get an article on the Warrant for the town to vote and Marc said they would need to get a petition and the Town Clerk could tell them what percentage of the registered voters are needed. Marc also told them they are not paying the full base amount for taxes because they are not on a Town road.
- Roger Roy came in about the damage to the new roof on the fire barn. He said they will replace the portion that is damaged. He said they used a new design and it failed not only with his company but with many others too. He will go back to the older design and expects to get some in next week. He said the work should be done by the first of June.
